# Belgian Styles

## Blue Monkey

OG: 11,0% | ABV: 4,0% | IBU: 7 | Style: Blanche

White wheat beer “Witbier or Blanche” emerged in Belgium many centuries ago. Coriander and orange zest are traditional spices used by Belgian Brewers; we follow this tradition as they enrich bouquet of delicious light but flavorful taste of our wheat beer with elegant spicy notes. Follow the Blue Monkey!

## Rouge de Fleur

OG: 11,5% | ABV: 3,8% | Style: Rouge

Belgium brewers were pioneers in mixing beer with fruits that's how Kriekenbier or “cherry beer” in Flemish, style was born. We spent weeks learning their secrets, and perfecting fruit bouquet of Rouge de Fleur. It starts with fresh waves of cherry aroma followed by sparkling crispy taste with cherry sweetness and bitter hints of cherry pits in the end.

# Nut Butter

OG: 14% | ABV: 5,5% | IBU: 10 | Style: Brown Ale

We started learning secrets of brown ale style with one of the oldest British Breweries Shepherd Neame (ENG). As a result, we did our best to create one, not without an author's touch of course. It was quite a challenge to make a sweet hazelnut flavor of completely natural profile, but we managed and we're proud of our creation.

Beer welcomes you with nutty-brown color and slight haziness. Caramel and hazelnut aromas are followed by nut-chocolate taste with a slight hoppy bitterness and traditional for classic brown ales creamy-caramel profile. Aftertaste is drier than you may expect with hoppy bitterness, hints of hazelnut and chocolate sweetness.

## Collaboration with Shepherd Neame

Bright nutty notes in Nut Butter come from a sophisticated mixture of malts and hops. Basic malt in Nut Butter is German pale ale with addition of Munich malt. To complete taste profile we used Cristal, Medium, Brown and Black malts as well as Golden Naked Oat (crystal malt germinated from a bare grain oat, that enriches beer with nutty and caramel flavors) supplied by Simpsons malt house (UK). As an icing on a cake we added a pinch of Fuggle hop for floral and forest notes.

Taste English classics with a bright nutty twist from Gletcher brewery.

# Milk of Amnesia v. Tropic

OG: 14,3% | ABV: 5,5% | IBU: 35 | Style: Milkshake IPA w. Tropic Juices

**Collaboration with  
Anarchy Brew Co.**

**ANARCHY BREW CO**

After 2018 triumphal launch of Milk of Amnesia w. Tropic Juices, we decided to add it to our basic portfolio. Beer keeps on booming with rebellious spirit infused by our friends from Anarchy Brew Co. (UK), as we mixed juices of pineapple, mango and passion fruit, spiced up with additional lactose touch. Rich fruity base resulted in full-bodied round taste with moderate sweetness and fruitiness.

Fruity and citrusy aroma as well as dry but zingy aftertaste comes from Magnum, Columbus, Pekko and Comet hops.

Currently beer gaining points and hitting tops of charts, so we invite you to enjoy your glass of “Milky Amnesia”.
